

**I'm tired of paying
high water rates to the County
when my neighbors
pay much less for the same water!**

I support the take over of County Service Area Special District 70W-1 water operations by Bighorn-Desert View Water Agency because Special Districts lacks transparency, has poor customer service, fails to adequately and honestly communicate with rate-payers, lacks a local physical office, has established a record of waste and mismanagement here. These shortcomings have lead to a rate structure that is out of step with their service.

Our community deserves better. I request that Bighorn-Desert View Water Agency initiate the annexation of San Bernardino County Special Districts. I live in the 3rd district of the County of San Bernardino in the unincorporated area of Landers.
