Hi,

Is there any way we can respectfully request that the meeting stay at June 15??

I did have a handful of W-1 customers in my boardroom just last week who were told June 12 and who requested we keep the application on track.

Jeff Rigney called me late today and tried to explain but I'm not convinced that your requirements in this process are that burdensome on him/his department. I actually have the same burdens on my time - budget/audit, etc.

Don't you agree it is in the people's best interest to move ahead and not delay past June 12? I know that a staff person had read the report as of May 14 and was preparing comments and he said they were going to request an extension to August.

In the meantime they are very busy, suddenly, spending money in Landers.

I'm just relaying what I know. Please give deference to the people, and keep the schedule as tight as possible.

Please advise.

Marina

Subject: DRC Meeting

Good morning Marina,

We have received a request from the County to postpone the DRC scheduled for June 12 until September due to budget considerations. While we understand the timing issue, we are only willing to continue until the week of August 11. Can you review your calendar and let me know the best date that week for you.

Thanks -- Kathy
