**Subject:** Information Request for LAFCO 3181

Mr. Destry,

I have included the copy of the letter I received from Mr. Rigney requesting continuation. It has been the policy and practice of the Commission to try and accommodate a request for additional time so that the information received is the most useful in our analysis. As my letter to Mr. Rigney indicated, I did not satisfy his request for a September deferral, nor did I satisfy the request of Ms. West to keep the project on the current schedule. I believe that the process will move through the review in a timely manner providing the community with the ability to determine its direction for the future. I understand your difference of opinion at this time, but be assured LAFCO is concerned with providing the best and most impartial analysis of this project.

Please do not hesitate to contact me if you have any questions. I will provide your letter and other information to the Commission.

Sincerely,

**Kathleen Rollings-McDonald**  
**Executive Officer**
